

Meet the Railway People Expo

Students' Career Exhibition

The Railway Technical Society of Australasia (RTSA) is holding its *Meet the Railway People Expo*, aiming to promote the railway industry to undergraduate students (Years 1 to 4) from NSW Universities.

The RTSA Meet the Railway People Expo is a fantastic opportunity for those who are involved in the railway industry to communicate directly with high calibre graduates from leading NSW Universities.

The Expo is designed to showcase some of the opportunities that are available in the railway industry. More importantly, the RTSA Meet the Railway People Expo will create an exclusive communication channel to promote and get information on employment, undergraduate projects, workplace/vacation internships, secondments and scholarship opportunities available within railway organisations.

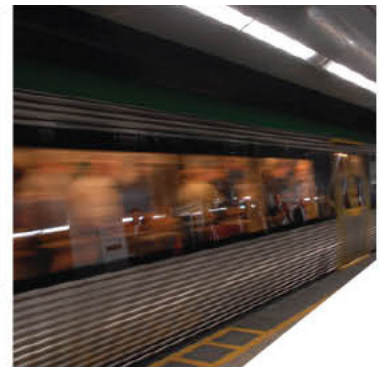

The Expo will also provide a forum for academic staff and university administrators to network and explore partnership opportunities within the railway organisations.

Who should attend

- Railway Organisations that are interested in attracting graduates and undergraduates
- Railway Professionals
- Senior Managers
- Undergraduate Students (Years 1 to 4)
- Academic Staff
- University Administrators involved in undergraduate programs

Cost

- **Free** to attend, however registration is essential.
- **Free display booths** are available for Railway Organisations. Book early to avoid disappointment.
- Follow the link <http://rtsa.eventbrite.com> to register for this great event. Please note that **numbers are limited**.
